SUMMARY

Experienced in MERN stack development, with a focus on Node.js and React.js. Skilled in building scalable web applications, REST APIs, and optimizing codebases for maintainability and scalability. Skilled in code refactoring and optimizing codebases for improved maintainability and scalability.

EXPERIENCE

3 Elixir Solution — MERN Stack Developer

DEC 2022 - PRESENT

- Technologies: NodeJS, React, React Native, Web Socket, MongoDB
- Successfully developed an admin panel using the MERN stack
- Efficiently handled and managed a large volume of user data with optimized performance
- Utilized AWS services, including S3 buckets, for seamless file storage and retrieval
- Implemented a task time estimation feature, leveraging formulas and calculations to accurately predict user task durations

EDUCATION

MIT World Peace University — Pune, Maharashtra

Master of Computer Application (Science)

JUN 2021 - JUN 2023

- Contributed to the development of DOCTIFY, a mobile application for doctor's appointments
- Implemented search functionality for patients to find doctors based on their preferences. Integrated appointment booking feature to allow patients to schedule appointments easily
- Developed and integrated a voice call feature for patients to communicate with doctors remotely. Ensured a smooth user experience and efficient appointment management throughout the project

SKILLS

JS / TS	★★★★
Python	★★
NodeJS	★★★
ReactJS	★★★
SQL	★★★★★
MongoDB	★★★

HACKERRANK

Python	★★★★
SQL	★★★★★
Java	★

Veer Narmad South Gujarat University — *Surat, Gujarat*

Bachelor of Computer Application (Computer Science)

JUL 2018 – June 2021

- Developed the KG FITNESS website to streamline gym operations and reduce paperwork
- Implemented features to track active memberships, trainer clients, and manage payments effectively. Utilized C# and ASP.NET to build a robust and secure web application
- Integrated PayTM API for seamless and secure payment processing. Contributed to the project by ensuring smooth operations and enhancing the gym management process.
